## NCAD Tuition Fee Policy

### 1. NCAD Undergraduate and Postgraduate Tuition Fees

Tuition Fee Schedules and fee payment policies are published on the NCAD web site.

<http://www.ncad.ie/study-at-ncad/fees/>

The NCAD **EU Undergraduate** Full Tuition Fee is made up of:

- The Tuition Fee +
- The Student Contribution Charge

The Tuition Fee and the Student Contribution Charge are set by the Department of Education and Skills each year. In the case of the majority of EU non-repeat students who meet the residency requirements the Irish Government will pay the tuition fee portion of the full fee under the 'Free Fees' initiative. A student's fee status and eligibility under the 'Free Fees' initiative is established at the time of registration, based on the Department of Education and Skills regulations and policies in force at the time. <https://hea.ie/funding-governance-performance/funding/student-finance/course-fees/>

NCAD **Postgraduate Tuition Fees** published on the web site include all registration charges.

### 2. Fee Payment

NCAD undergraduate and postgraduate students are requested to pay their fees by logging into [MyNCAD](#) with their student number and password. Here a payment can be made using a debit/credit card. This is credited to the student account straight away. Once an online payment is made a receipt will be emailed to the address provided.

2.1 Fee Payment Deadlines for the 2024/2025 academic year

2.3 Students with a full grant award are not required to pay fees. Incoming undergraduates awaiting approval of a SUSI grant application are not required to pay fees. All students with a grant award must submit a copy of the grant award letter to the NCAD Fees & Grants Office.

**Note on Additional Costs:** Students are expected to meet the cost of additional materials and equipment themselves. These costs may vary depending on the area of study. In some cases, a Department Materials Levy is set and used by individual Departments to cover specialist materials/consumables used in studio-based learning environments. This levy is specific to particular disciplines, set at the discretion of each Department and used in the Departments. Not all Departments operate this levy.

## 7. Tuition Fee Non-Payment Policy

All student fees are required to be paid by the defined and published dates. Notification of outstanding debt takes place as part of the invoicing cycle.

### Encumbrance

Where a student continues to have an outstanding debt (e.g. Tuition Fee, fines, etc.), their registration record will have an encumbrance placed on it. The encumbrance is referred to as a 'hold' and will cause the following restrictions to apply:

1. Examination results will be withheld.
2. Access to transcripts, statements of result, etc. will be withheld. The only documentation available to the student will be in the form of a simple confirmation of attendance, as applicable.
3. Continuing students will not be permitted to register for subsequent academic sessions.
4. Late payment penalties may be imposed.
5. Students will not be permitted to graduate until outstanding debt (including fines, where applicable) has been cleared in full.
6. Students will not receive information about the conferring, or be conferred, until their fees are paid in full.
7. Accounts that have not been cleared by the end of the academic session may be referred to a debt management/collection agency.

---

### Debt Carry-over Facility for Continuing Students

The College has approved a debt carry-over facility for continuing students. This allows students who are carrying debt of €600 or less to register for the following academic year and removes any encumbrance from their registration record.

### Advice

- It is important that students maintain their accounts in good order and make payments when due. Billing reminders will normally be issued but it is the obligation of the student to ensure timely payment of fees.
- It is advisable to clear your account by the end of the academic cycle at the latest in order to avoid difficulties with continuance, graduation and access to results, etc.
- Students with financial challenges are advised to contact the Student Access Officer who can provide information on the supports NCAD has available – The Student Assistance Fund and Student Welfare Fund. However, the terms of this funding (Department of Education & Skills and the European Social Fund) precludes their use for payment of fees.

## 8. Tuition Fee Policy for Students Repeating a Year or Part of a Year

Students who are repeating a year are liable to pay the full Tuition Fee due for that programme in the year they are repeating. Where a student is repeating part of a year the fee is based on the number of credits the student is repeating. The fee per 5-credit module and the full tuition repeat fee is published on the Fee Schedule each year. The full Tuition Fee includes the Student Contribution Charge and the Tuition Fee.

## 9. Tuition Fee Policy for Students Repeating on Medical Grounds and on Grounds of Extenuating Personal Circumstances.

- 9.1 UG Free Fee Students who have submitted detailed medical certificates or other documentation in support of their case may not be required to pay repeat fees subject to review and approval by Academic Affairs and subject to the conditions and policies in force at the time for eligibility to the 'Free Fees' Scheme and the Third Level Student Grant.

  - 9.3 It should be noted that in all cases significant medical or other personal circumstances should be documented and demonstrate that the student was prevented from attending College or engaging with their programme of study for a considerable length of time.
  - 9.4 Students are not entitled to a fee refund based on medical illness.
  - 9.5 Medical and other extenuating circumstances that lead to a fee waiver must be proposed by the relevant School and approved by the Head of Academic Affairs. Such requests for the recognition of extenuating circumstances must be submitted to Academic Affairs with supporting documentation on the appropriate Extenuating Circumstances form.
