

Relaxation Techniques

Deep Breathing

- ▶ Deep breathing exercises take only a few seconds, no matter where you are.
- ▶ It is particularly helpful at stressful times, and also practise it at regular intervals throughout the day.
- ▶ When learning the technique it is a good idea to try it when you are feeling calm.

NB: Need to take time to learn the skill before you can use it when stressed.

Progressive Muscle Relaxation

- ▶ Progressive Muscle relaxation is an exercise that reduces stress and anxiety in your body by having you slowly tense and then relax each muscle.
- ▶ Be careful not to strain a muscle and skip areas if you have any pain or injuries.
